For IMMEDIATE Release

### Indian Valley Boys & Girls Club Receives \$5,000.00 Donation!

Souderton, PA – On Wednesday, July 19, 2006, TriValley Primary Care announced that its TriValley PowerWalk and PowerRun event raised \$5,000.00 this year for the Indian Valley Boys and Girls Club, Souderton. Over the past four years, TriValley has raised nearly \$0,000.00 for the Indian Valley Boys & Girls Club with its PowerWalk and PowerRun event.

More than half of this year's donation came from local businesses that sponsored TriValley's fundraising event. In addition, participants of the 5-mile PowerWalk and PowerRun contributed to the donation with their event registration fees and personal sponsorships. TriValley Primary Care financed the PowerWalk and PowerRun, donating all sponsorships, registration fees, and personal contributions to the Indian Valley Boys & Girls Club.

Top placing male runner of the 5-Mile PowerRun was Tim Seeley of Harleysville, with a time of 27:50. Top placing female runner was Sarah Clemmer of Souderton, with a finishing time of 32:20. Complete results and pictures from the event are available online at [www.trivalleypc.com](http://www.trivalleypc.com).

The physicians of TriValley Primary Care care about their community. Thanks to the participants of the PowerWalk, the volunteers who organized the event, and to the local companies that donated their resources, the physicians of TriValley Primary Care were able to give back to their community in abundance. Special thanks are extended to our level one Corporate Sponsors: Genesis Fitness, Bergey's, and Uninvest. Over the past four years, these companies have collectively donated over **\$28,000.00** to the Indian Valley Boys & Girls Club through the TriValley PowerWalk and PowerRun. Thank you!
